Any amount of contributions received over the goal will be designated for additional financial aid to Kansas District students who are preparing for full-time church work.

Should the total amount of contributions received be less than \$42,000, then the amount designated for financial aid to students will be \$31,500 and, the amounts designated for all purposes will be prorated to accommodate the shortage of contributions.

Should the total amount of contributions received be greater than \$42,000 but less than \$50,000, then the amount designated for financial aid to students will be reduced to accommodate the shortage of contributions.

**** Please note: The amounts above are tentative. The Convention in early November will determine the final amounts, but the \$50,000 goal is expected to be either the same or higher, with a substantial part of any increase going toward additional Student Financial Aid. ****
